To add white space to your form:

1. In the Form Builder, click **Add Content** at the top left corner of the screen.
2. Select **Text & Image** → **Text**
3. After your text is added, move the text box to where you would like the white space to be.
4. You can also drag and drop fields using the **Outline** view (in the **View** menu).
5. Select the text area and delete the text 'Edit this text'.
6. Press the spacebar key a couple of times.
7. Click **Done** and then **Save your changes**.

The screenshot displays a form builder interface. At the top, there is a navigation bar with buttons for 'ADD CONTENT', 'THEMES', 'PROPERTIES', and 'OUTLINE'. On the right side of the navigation bar, there are icons for desktop, tablet, and mobile views, along with 'Preview', 'Undo', 'Redo', and 'Save' buttons. The main area shows a form titled 'Form Title' with two input fields: 'First Name' and 'Last Name', and a 'Submit' button. A mouse cursor is positioned over the 'Last Name' field.
